1. PURPOSE

This document sets out the fundamental structure of the Quality Assurance (QA) system within BUV. It is designed to assist in the understanding of the internal QA structure and the QA responsibilities of key bodies and members of the University who contribute to this area. Any QA activities described are designed to supplement rather than replace any requirements by partner institutions: the processes of the degree awarding body takes precedence in all decisions made.

2. QUALITY ASSURANCE STRUCTURE

BUV approach to QA is based on a hierarchical structure, as shown in the diagram in Appendix 1 and explained in Section 5. There are six levels of formal QA responsibilities as follows:

QA Level 1 - Faculty, Students, and Staff

QA Level 2 - Discipline Leads(DLs), Program leaders(PLs), and Heads of Departments (HoD).

QA Level 3 - Dean, Head Academic Quality (HAQ).

QA Level 4 - Quality Assurance Committee, Board of Examiners, Learning and Teaching Committee.

QA Level 5 - Senate, Chief Academic Officer(CAO), Chief Operating Officer(COO),Deputy Vice Chancellor(DVC) Vice Chancellor's Office (VC)

QA Level 6 - BUV University Council.

Although the University Council has the ultimate responsibility for the quality and standards of the University, it delegates the governance role to Senate, and the executive role for the management of this function to the Vice Chancellors Office, for development, operations and reporting purposes.

These QA levels refer to specific QA responsibilities held by positions and do not imply an organisational or line management structure.

3. QUALITY ASSURANCE AND ENHANCEMENT RESPONSIBILITIES

The responsibility for the academic quality and standards of the University's awards rests with the University through the Senate. The Senate delegates a number of these responsibilities to committees within the University within a clear structure (codified in the

terms of reference of the Senate and its sub-committees, policies and procedures) that ensures that it is aware of how these delegated authorities are used.

The University also recognises that the responsibility for academic quality and standards is a shared one, between those University bodies with formal accountability for academic quality and standards, and all staff engaged in the delivery and support of learning and teaching and research degree supervision. The quality assurance structure is therefore based on the following shared understanding of the roles and responsibilities of each level within the University.

QA Level 1: Faculty, students, and staff

Faculty

All staff involved in the delivery and support of learning and teaching contribute to the assurance of quality within BUV in the following ways:

1. By reflecting on the effectiveness of their practice and how this might be enhanced (for example, on the basis of the day-to-day observation of the impact of teaching). This will include consideration of their practice in relation to their designated role in learning, teaching and research degree supervision as part of their formal performance reviews.
2. Where appropriate, consulting with students prior to or following a change introduction. This may be carried out informally within the operations of a module to address student concerns, or more formally through discussions held at Student and Staff Liaison Committee (SSLC) meetings or through meetings with the Student Association Committee.
3. Evaluating the effectiveness of any change made within a module (for example by checking in a subsequent teaching session, via the mechanisms discussed in the Teaching and Learning Performance Evaluation Policy and Procedure or the Academic Monitoring Policy and Process.

Students

Students provide feedback on the perceived quality of the education they are receiving, the University, and they contribute to the QA process through a variety of quantitative and qualitative processes, for example:

1. Student representation at the Senate.

2. Student and alumni representation within School Practitioner Advisory Groups (SPAGs) and on special projects where student representation is deemed by the project group to impact student learning experience.
3. Feedback provided through the semesterly meeting between the Student Association Committee (SAC) and the University.
4. Students on programmes taught at BUV complete surveys at module, programme, and institutional levels, and provide feedback via the Student-Staff Liaison Committee (SSLC) held every semester, and via Net Promoter Score surveys carried out every semester.
5. Data from student surveys and discussions are considered by the Dean and Discipline Leads for any staff quality concerns, and by the Academic and Student Operations team for any timetabling or logistics concerns.
6. Students are involved in periodic programme reviews through consultation during the development of the self-evaluation document and at the periodic programme review event.
7. Students are involved in the programme revalidation process and are included as panel members at validation/periodic programme review events, subject to the policies of external partners.
8. Feedback can also be provided through other channels, such as parent meetings, emails to feedback@buv.edu.vn, and cao@buv.edu.vn.
9. Formal feedback from research students is obtained via all mechanisms discussed above except for feedback mechanisms linked directly to taught programmes.

Staff

BUV recognizes that staff, who are not directly responsible for teaching and learning, also contribute to the overall quality of BUV in their daily activities. Specifically, this can be seen in the following ways:

1. Contributing to tasks which enhance various elements of the student experience.
